GHACC BUSINESS LEADERSHIP SUMMIT

The Greater Haitian American Chamber of Commerce's Business Leadership Summit was created to develop leaders and prepare them with the knowledge, skills, and abilities necessary to lead relevant, thriving associations and to lead in their professions. The summit is apart of the GHACC Leadership Institute program, which is designed to teach entrepreneurs and small business owners how to be recognized as pioneers in business with the focal point of leadership training, development and research within the greater Orlando area, and globally.

Our goal is to deliver annually a unified, strategic, and international approach to leadership development that reinforces and supports key leadership competencies in multiple strategic areas. The summit brings together community leaders, organizers and professionals that are interested in growing and empowering a strong community. It is full of workshops, lessons, interactive sessions and more.
